

# HISTORY

Premier Asset Logistics Network, LLC (PALNET USA) is a group of “Best in Class” regional pallet companies that have come together to create the leading national **Asset Management** company in North America. PALNET USA is committed to serving the growing market for national pallet dock sweep programs as well as other related **Asset Management** and recovery offerings.

PALNET USA offers a customizable solution for companies seeking a single source vendor to manage their specific **Asset Management** needs. With an average 23 years of experience and collective sales exceeding \$150 million; an infrastructure of 26 owned and operated facilities; a staff exceeding 1,000 fulltime employees; and a fleet of over 130 tractors and 1,800 trailers PALNET USA has the resources to meet all your **Asset Management** needs.

PALNET USA will work with your staff to develop a cost effective **Asset Management** program that is flexible and scaleable, and one that will free your staff to do what you do best: Manage and grow your business!

PALNET USA's **Asset Management** solutions include:

- Needs Analysis
- Total Pallet Management
- Dock Sweeps
- On-Site Sortation
- On-Site Repair
- Store Pick-up
- Reverse Logistics
- Heat Treatment
- Information Management

PALNET USA looks forward to working with you to develop a comprehensive **Asset Management** solution.
